## **Republic Day Celebration** **In association with NSS ADIT, CVMU.**

**Date – 26<sup>th</sup> January, 2021**

**Mode – Online**

**No. of Participants – 29**

As we all know REPUBLIC DAY is here, we all know the significance of this day, our INDIAN CONSTITUTION which is said to be one of the largest constitution in the World was adapted. We need to give this day due respect which it deserves. Let's come together and PARTICIPATE in a very fun and engaging way.

NSS is a group which lets you open up and come ahead with your own IDEAS and CREATIVITIES. This is the main motto of all the events conducted here. What I believe is we should work together in a harmony and take part in all the upcoming programs.

Although this time we got a very short notice period but then too I expect that we all must at least take part in any of the activities mentioned here.

I hope everyone must have watched movie "Nayak - The real Hero" all of us must have had a thought that :

“Agar muje rule banane ka moka milta na toh me ye change la ke hi reheta.”

Here's your chance VIRTUALLY. You are made the Chief Minister of our state for one day, what all changes will you bring for the BETTERMENT of people which you think are suffering currently.

You can also share bad EXPERIENCES you had because of the ill working of this system and society. Also give the SOLUTION of the problem that can be imposed so that it does not happen with anyone else.

If you want you can make a POSTER or those who are good at drawing can make PORTRAIT SKETCHES of the leaders and submit it in a PDF form.

From here our events begin...

# **Traffic Safety Awareness Seminar**

**In association with NSS ADIT, CVMU group**

**Date: 19<sup>th</sup> February, 2021**

**Place: ADIT Auditorium,  
New Vallabh Vidyanagar, Anand.**

**No. of Participants – 241**

This month is been celebrated as the National Road Safety month. It was inaugurated by the Union Minister of Defense at the Vigyan Bhavan.

Statistics show that in our country among all the road accidents more than 70% of them are Youths. It is indeed a big loss of Youth Treasure unaffordable for any country. CVM University grabbed this opportunity to spread awareness among the students and make them understand the importance of Road Safety. NSS group of ADIT also came forward and organised a seminar regarding the same.

**Pre event management:**

Our NSS programme officers Mrs Manisha Makhwana Mam and Mr Mehul Patel Sir gave the direction about the flow of the event and all the NSS volunteers geared up to work in harmony. Auditorium was set up, mikes, projector, tables, desk and podium everything was brought to work. To welcome the guests, volunteers worked tirelessly. Managing the students and taking photographs was handled by them while the event was going on.

**Event:**

The guests were pleased with gifts and the programme officer directed them on the stage. A traffic police is someone who rises every morning constantly devoting his life for our safety. Being in such a tedious field Mr. Jitendrakumar Pansuriya has served our nation for 20 endeavoured years. He had served best in Tarapur, Borsad and Vidyanagar. Right now, sir is serving as head constable in Anand Traffic police department.

Jitendrakumar Sir made everyone aware about the causes and reasons of the accidents taking place. He ensured that the message reaches to each and every student irrespective of his understanding level, conquering the language barrier he reached out to the students as an elder brother.

He shared his hilarious experiences to ease out the atmosphere and even mimicked the excuses people give upon being upheld.

It worth mentioning his attitude towards the students, Sir engulfed them with his kind heartedness and willingness to help.

Dr Ajith James Sir value added his experience and expressed his sorrow for the family of the ones who lost their life in road accident. One of the students of ADIT approached Ajith Sir to take an initiative towards spreading awareness on traffic safety and they have been constantly working on it since past 3 years. They have formed an organisation called "Prayas" which includes different activities related to Traffic Safety

Awareness in online as well as offline mode. "Prayas" is expanding and many students are now becoming a part of it.

Finally, sir concluded the session by giving vote of Thanks to the orators. The guests were paid due respect which they deserved. Their knowledge and guidance were very apt to the group that was targeted.

Its well said that *“All’s well that ends well”* can be perfectly quoted here. Gratefulness of the audience cannot be forgotten. All the diligent volunteers and the management committee also deserve credit.

### **Event:**

Amit sir is completely worth all the awards he has won. His way of speaking was really unique. To connect to the audience sir did not step on the stage and instead roamed in audience so that there is a good connection between him and the students.

Sir explained his topic with live demonstrations and by interacting with students. He made it possible for each and every person to understand the concepts of traffic very easily.

It is well said that one can only learn if he understands any concept or principle by heart, sir followed this rule very precisely keeping his session draftable for each and every student. This quality is rarely found in people.

He shared his hilarious experiences to ease out the atmosphere and even mimicked the excuses people give upon being upheld. It worth mentioning his attitude towards the students, Sir engulfed them with his kind heartedness and willingness to help.

The poster features a purple and orange gradient background. At the top, it displays the logos of ADIT (A D Patel Institute of Technology), the National Service Scheme (NSS), and CVM University. The central text reads "INTERNATIONAL WOMEN'S DAY CELEBRATION" in large, bold, blue letters. Below the text, there are four silhouettes: a woman jumping, two women shaking hands, a woman lifting a child, and a woman with multiple arms performing various tasks like cleaning, cooking, and working on a laptop. At the bottom, it says "A D PATEL INSTITUTE OF TECHNOLOGY" in bold, purple letters.

International Women's Day started during the great unrest of 1908 in New York city. In India the glass ceiling was broken when Mrs. Indira Gandhi became the first Prime Minister of the country i.e the highest position acquired in ruling body. Feminism and International Women's Day are two

such great moments across the world that have helped the female gender to improve their standard of living in each and every aspect.

There are many examples of brave women who fought for their rights among them this one is very famous.

## Cultural Programs:

*It was the main heart of the program. Where we saw many different talents of the students in the form of skits, street plays, singing and elocution.*

*It all began with the skit on A Day Without Women:*

As the name itself represents the act. It was shown that men of the house take challenge to manage the household chores for a day after quarreling with their wives for a very petty issue. In a very hilarious way it was shown that what happens with them and how do they realize their mistake.

## Women's Self Defence:

A group of students of 1st year performed an act on topic self-defense. The script was performed in three main scenes. First when the girl faced eve-teasing and the girl finally learns how to defend herself. Second scene was

about an acid attack that happens to the same girl before and that inspire another girl to learn how to defend oneself and other in such unfortunate situation, and practice karate. The last and the final scene was the fight scene between that girl and the group behind acid attack. She finally proves that even the group of hundreds of men can't win against a single but strong independent woman. After all she is a form of Maa Durga.

### **Nukkad Natak:**

A nukkad natak was performed which was based on following points:

- To have equal access to education and the opportunity to develop personal ambitions, interests and talents.
- Men held for killing girl child.
- The dowry system leads to crime against women, ranging from emotional abuse and injury to even deaths.

And many more topic like Domestic violence, Sexual harassment are mentioned in it

## Songs:

In total we had 3 songs. Our faculty member **Prof.Manisha** sang a melodious song.

We had a duo of our mentors **Prof.Chinmay** and **Prof.Gopi** who just made the crowd rock with their harmonious voice. Audience could not leave sir without making him sing one more song

*We had a student's group who sang a mashup song. They handled Guitar as well as sung simultaneously on stage.*
